

POD14

- Meets all the requirements of the new Working at Heights Regulations - this item provides an excellent alternative to step ladders.
- The work platform offers massive safety: 1000mm all round lockable guardrail system with non-slip platform surface - even in the rain.
- 'Locking' 360° rotating wheels, for added safety & stability.
- Offers flexibility for working in all locations - folds up in seconds & fits through a standard door way - back of vans or on a roof rack.
- It is self contained in one piece & can easily be handled by one person.
- Is manufactured from aluminium - is a lightweight product, durable and will provide an exceptional work tool for all users.
- Is made to Lyte Industries highest quality of UK manufacture.

★ **Please remember - a thorough risk assessment must be carried out prior to any work being undertaken at height.**
