

D21582K Features

- Ideal tool for electrical, plumbing or HVAC applications when drilling into masonry and concrete
- Quick and accurate dry drilling into bricks and masonry up to 152 mm
- Integrated water swivel for core drilling into harder material up to 132 mm such as natural stone, concrete, engineering bricks and reinforced concrete
- Increased power makes the job easier and faster
- Overload and thermal protection increase the life of the tool
- Lock on button for continuous operation when drilling with a stand
- Mechanical clutch for added user protection
- Large and comfortable side handle for enhanced user comfort
- Larger rear handle allows to work while wearing gloves

D21582K Specifications

Specifications

Specifications	Value
Spindle Thread	1/2" Female BSP
Power Input	1705 Watts
Power Output	1150 Watts
No Load Speed	0-1100 / 0-2350 rpm
Max. Drilling Capacity [Concrete]	132 mm
Max. Drilling Capacity [Masonry]	152 mm
Collar Diameter	53 mm
Weight	5.9 kg
Length	480 mm
Height	165 mm

D21582K Standard

- Multi-Position side handle
- PRCD (inline circuit breaker)
- Water supply hose with integrated tap
- Heavy duty carrying case
